

MUSEO SILVER RAG

15 MIL / 300 GSM
ARCHIVAL FINE ART RAG
(GLOSS)

PRINTER COMPATIBILITY

DESCRIPTION

Museo Silver Rag leads in a new category of digital printing paper that allows image makers to approach fiber-based photo paper results without the darkroom. This new capability was born from a first-of-its-kind coating matched to a 100% cotton paper. Museo Silver Rag brings it all together— extraordinary depth and detail. The hand of fine art paper, archival quality permanence, and the gloss finish of traditional fiber based photo paper. Optimized for pigmented inks, Museo Silver Rag brings out the best in B&W and color images.
